Love for *Life*

Happiness is even greater *when shared*

When we fell in love with the Castel and its beautiful surroundings over 30 years ago – ourselves enthusiastic guests at the time – a dream began to mature within us: We aspired to one day create a hideaway with this jewel, to welcome guests and pamper them with thought and care, ever present but never intrusive, in an ambience where luxurious elegance is seamlessly combined with the friendly atmosphere of a family-run hotel. After many years, various extensions and renovations, we are still living this dream with the same passion as on the first day.

Where happiness is at home ...

... heaven comes a little closer.

Happiness needs space to unfold. Far away from mass tourism, the Castel offers you plenty of space for this, for example in our lovingly landscaped gardens. Surrounded by soothing greenery, you can relax without a care and admire the magnificent view stretching from the Venosta Valley all the way to Bolzano.

Are you ready for la dolce vita?

Equally dolce: *far niente*.

In spring, summer and autumn, soak up the Mediterranean flair by the pool and on the lounge terrace in the heart of the Alps.

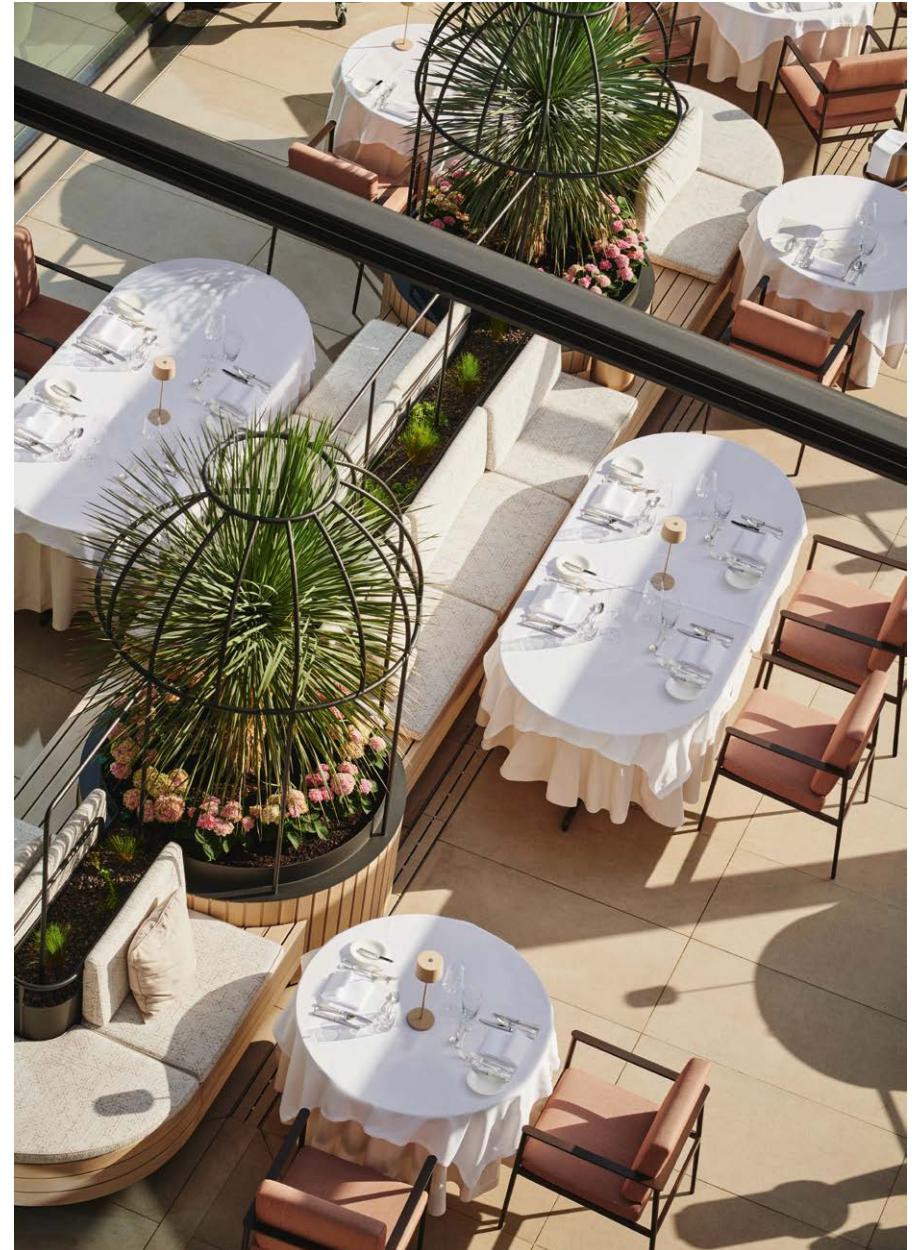

Every day starts
with an exclusive breakfast ...

*... and ends
with varied,
award-winning
cuisine.*

*In our kitchen,
even the humblest
of dishes becomes
something special.*

Fresh, regional and exquisite: chef Gerhard Wieser and his team, who have also received 2 Michelin stars and 5 Gault&Millau toques, spoil our guests with Alpine-Mediterranean creations of the highest standard – also for our half-board guests.

In our À la Carte Restaurant, our half-board service allows you to enjoy your own individual menu of up to 16 dishes that change daily. Glass façades and the large glass roof let plenty of light into the rooms and offer a unique view of the surrounding nature. In fine weather – which is usually the case in South Tyrol! – you can also dine outdoors at the push of a button.

Starry hours with star cuisine

In the exclusive Castel fine dining restaurant, you can savour some extraordinary gourmet highlights from the outstanding star cuisine of Gerhard Wieser, while the luxurious and intimate ambience assures pleasurable and unforgettable moments.

High above the sea of lights of the evening city, we serve you excellent top wines to accompany your dinner, carefully selected for you by our sommelière Ivana Capraro.

The 15-metre-long glass façade offers you probably the most exclusive view of Merano. Open in summer, it brings you even closer to heaven on earth.

With only a few tables and a cosy aperitif area, *Castel fine dining* welcomes you with a very intimate atmosphere, where our team will take care of you and your well-being with full attention. It is no coincidence that our service was voted the best in South Tyrol by Falstaff.

Within their own four walls, people strive for harmony. Cosiness, visual appeal and a pleasant level of comfort dominate our home furnishings. And on holiday? We believe that a hotel room should be designed according to the same standards. Our rooms and suites are private retreats where soul, mind and body can rest and recover, from a luxurious start to the day to a truly peaceful night's sleep. Bright and airy, furnished in a stylish symbiosis of modern and classical elements, you will feel completely at home in all rooms of the Castel.

At the end of the day, come home and find yourself, find peace, rediscover your own inner self ... the rooms and suites at the Castel give your thoughts space to unfold. Exquisite, comfortable furniture and loving details envelop you in luxurious security and comfort.

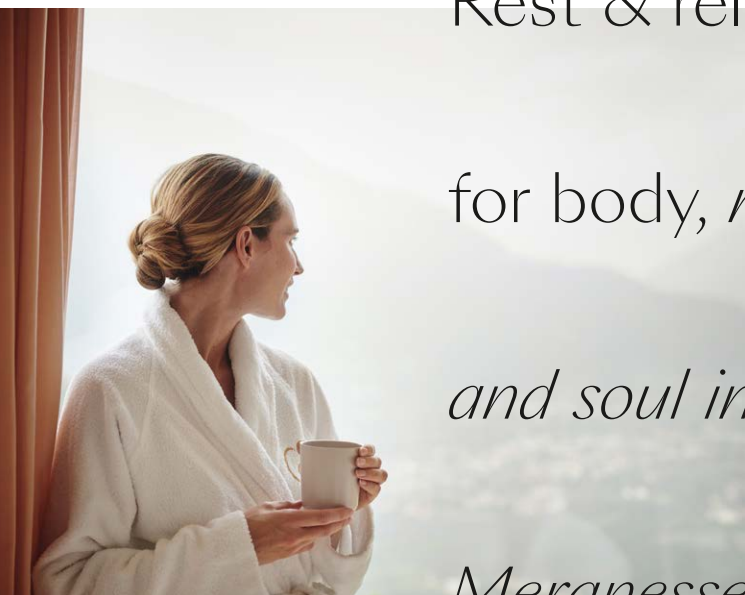

From our welcome desk to your room, enjoy first-class, unobtrusive service that is barely visible but can be felt in every moment.

Light, air and a magnificent view accompany you through the day.

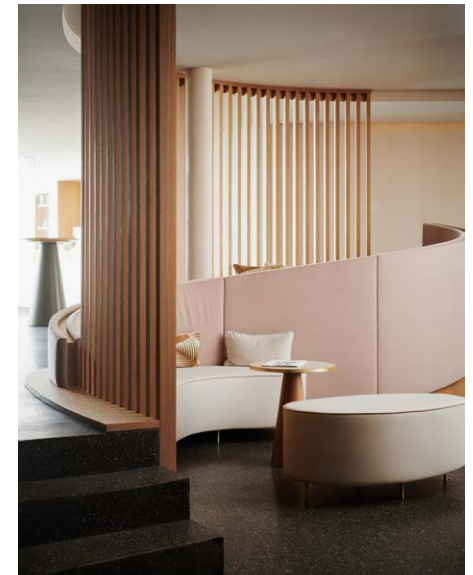

Rest & relaxation
for body, *mind*
and soul in the
Meranese fine Spa

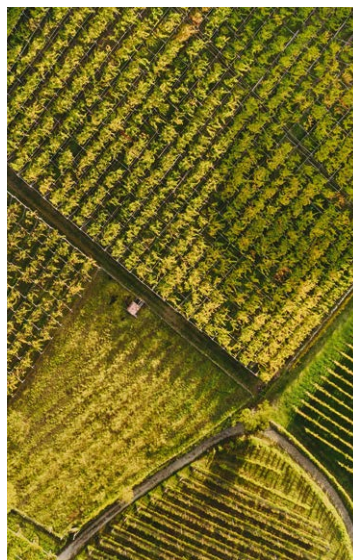

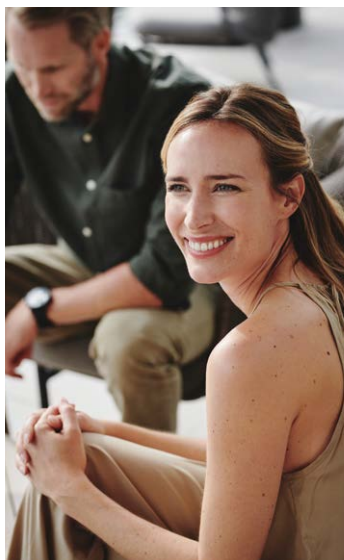

Every stay at the *Meranese fine Spa* is a brief time-out, a holiday within a holiday. Let yourself be pampered in a stylish ambience, with individual treatments for beauty and well-being. In the spacious wellness area you will discover many different saunas and steam baths to relax in.

You can also enjoy adventure showers, footbaths and the Kneipp course, and finish off your day in the large relaxation room, admiring the view from Merano all the way up to the mountain peaks.

*Chat with old and new friends in
a relaxed atmosphere and reflect
on the day over an aperitif or
digestif ... on our spacious lounge
terrace with panoramic view you
can really savour the lightness of
the moment.*

In South Tyrol, too, the year has 365 days, yet it feels like much, much more. Perhaps it's because summertime here stretches into autumn longer than anywhere else, or because the setting of alpine mountain peaks and Mediterranean palms fills the days so richly with changing impressions. Because when happiness is complete, time seems to stand still.
